We believe that cooking and eating together will bring us closer.

Crushgrind®

Brand story

Inspired by the principles of the old mortar, Crushgrind® was developed to go beyond a simple pepper mill, aiming to create a superior grinder unlike anything on the market.

Driven by will, passion, and a touch of nerdiness, we invented the original ceramic mechanism—a groundbreaking innovation that revolutionized traditional pepper mills, allowing consumers to grind not only pepper but also salt and a variety of dried herbs and spices.

Crushgrind® has naturally evolved into carrying our own line of innovative and functional household products. We strive to create designs that put function first —but looking good doesn't hurt either.

Great design not only fits into the environment but can elevate it. It might even inspire you. We want to be a natural part of your kitchen. Maybe even encourage you to think more creatively. Try a new recipe or experiment with a spice blend. Spice things up a bit.

We blend Nordic design aesthetics with functionality, innovation, and high quality. Our products are durable and made from responsibly sourced materials, promoting fair labor practices.

Biocomposite – Crushgrind® Billund grinder

The Crushgrind® Billund series showcases a modern design – based on high-quality biocomposite material, aiming for a greener alternative by using a renewable material.

The surface of the biocomposite has a natural, earthly aesthetic which reflects its natural and green origin. The biocomposite is based on cellulose fibres from certified sustainably managed forests and crude tall oil, a residue of the pulp production process. Unlike crop-based biomaterials, this biocomposite doesn't interfere with a food-production chain.

The surface of the biocomposite features a smooth yet subtly textured finish, with delicate natural fibers or flecks visible throughout, adding character and a unique visual appeal. Due to the nature and origin of the biocomposite, the colors may occur slightly differently and with minor speckles on the surface of the grinder.

The biocomposite material is lightweight yet durable, offering a refined product that is as visually pleasing as it is functional.

Billund Spice Grinder

With the Billund grinder, we wanted to give you a fun and playful design to brighten up your kitchen table and help you crush boring food. Cooking should be fun!

The design is inspired by the colorful building blocks of Denmark, and it is based on a biocomposite made of wood-based cellulose fibers from certified, sustainably managed forests.

Due to the nature of the biocomposite, color variations and minor speckles may occur on the surface.

Size

1L / 34 oz

Billund Pitcher

Bring a touch of fun and versatility to your table with the Billund pitcher, part of our playful Billund series. Crafted from borosilicate glass, its unique design reflects light beautifully, shifting colors based on its contents for a dynamic, eye-catching effect.

Perfect for more than just water. Use it for juice, cocktails, or even as stylish storage for your favorite granola or cereals.
Available in two variants, the Billund pitcher is topped with a lid based on a bio-composite material of wood-based cellulose fibers sourced from certified, responsibly managed forests.
Playful, practical, and designed to brighten any setting.

260 ml / 9 oz

Billund Oil/Vinegar

Add a splash of fun and elegance to your table with the Billund oil/vinegar pitcher. Part of our playful Billund series, its tinted borosilicate glass reflects light beautifully, shifting colors depending on the contents. This pitcher is the perfect match for any kitchen or table, designed to showcase your favorite oil or vinegar in style.

The silicone spout is smartly crafted for precise, drip-free pouring, with a shape that sends liquids back into the bottle after use. Topped with a lid based on a bio-composite material of wood-based cellulose fibers, it's a design that is made to last. Billund oil/vinegar makes every pour a little more magical.

Lyon

Lyon is our take on a classic grinder. We took inspiration from the French bistros but chose a cleaner approach–and flavored it for the Nordic palette.

Crafted from FSC®-certified wood and available in different sizes and colors—the Lyon grinders offer flexibility for any setting.

Champagne 2pcs set

Design by Crushgrind® /
Samuel Murley

Material

FSC® Oak

Color

Oak

Size

17cm / 7"

Champagne

Flip the ordinary upside down—literally. This bold upside-down grinder set takes its inspiration from the sleek elegance of a champagne flute. And forget salt and pepper residue on the table, thanks to a silicone plug at the bottom, refilling is a breeze, and your table stays spotless.

Crafted from elegant FSC®-certified oak and paired with a striking mirror-polished steel top, these grinders are functional, fabulous, and unapologetically different. A cheeky black or white ring keeps things simple—salt or pepper, your choice.

Tabletopper

The tabletopper concept is simple. By choosing your favorite material and adding your favorite mills and accessories, you can personalize the way our tabletopper organizes your table.

The tabletopper collection offers various possibilities of use — the choice is yours.

Copenhagen

Design by Jakob Herold

Material

Stainless Steel

Color

Steel

Size

10 cm / 4”

Copenhagen

Copenhagen isn’t just a grinder; it’s a statement. The pinnacle of our collection redefines crank handle grinders with its sleek, retro-inspired design and industrial edge. Crafted from premium stainless steel, this high-end grinder is built to last.

Whether you’re in the kitchen or grilling up a feast, Copenhagen’s high output makes it the perfect companion for any culinary adventure. Bold, functional, and undeniably stylish, this grinder brings it all.

Kala

Design by Crushgrind® /
Henrik Casper

Material

Stainless Steel

Color

Steel

Size

17 cm / 7"

Kala

Botanical shapes, specifically the Kala flower, inspired the aesthetic of this grinder.

With a simple and functional design, this grinder can be used with almost any dried spices and herbs. Kala is ideal for spice blends such as curries, BBQ blends, or your personal favorite pepper mixes.

Colombia

Design by Carl & Carl

Material

ABS / PCTG

Color

Black

Size

20 cm / 8"

Colombia

The Colombia grinder is made for both the home and excursions. It is slim and fits easily into a kitchen drawer or a bag.

Only the necessary components are included. To save space, the handle can be positioned on top, transforming its function into a lid, with the arm held in place by a magnet on the side.

Form follows function, which gives the product its iconic look with the sphere at the top.

Kiruna Mortar

Design by Crushgrind® / Samuel Murley

Material

Cast Iron / acacia

Color

Black

Size

9 cm / 3"

Kiruna Mortar

Take your flavor game to the next level with the Kiruna dry spice mortar. Built for bold culinary adventures, this durable cast-iron mortar features a precisely patterned, curved interior that makes grinding spices effortless.

The ergonomic handle in acacia wood isn't just stylish, it's designed for ultimate comfort. And thanks to the non-slip silicone base, you'll enjoy stability while keeping your surfaces protected. Unleash rich, fresh flavors and transform every dish with this exceptional dry spice mortar.

KIM_BO

Design by Crushgrind® /
Samuel Murley

Material

Cast iron/Silicone

Color

Size

6.4L / 6.75 QT

KIM _BO

Is there anything you can't do with a large, heavy-duty cast-iron pot? Use it for boiling, searing, frying, braising, and baking food. It's even good for sous-vide cooking.

CrushGrind® KIM_BO combines 4 fantastic products into a single, cleverly nested unit, with no compromises made: it's a large enameled cast iron Dutch oven. Turn it upside down — it becomes a bread dome too! Take off the lid and use the inside as a grill pan. Or use the flat side of the lid as a pizza stone.

The KIM_BO also has an extra lid made of silicone, meaning you can still use the pot independently while grilling your favorite foods.
